WINTER QUARTER

With the first of December, the Gospel Advocate's adult and teen curriculum will begin a focus on "Doctrines in Ephesians." Some regard Paul's letter to the church in Ephesus among his most practical letters. Its content focuses on two major areas – what to believe and what to do. In fact, doctrines are essential in both these areas.

Doctrines teach us the fundamentals of the faith, but they also teach us the ways we can put that faith into practice. For the next quarter, this book will be covered in both *Foundations* and *Companion* with background material and careful coverage of the text.

It is time to place your order for *Foundations* and *Horizons* to be ready to begin the new quarter and grow in your knowledge and faith through the book of Ephesians.

Changes in Horizons

As the seasons change, we are preparing for the Winter Quarter. *Foundations* and *Horizons* focus on the book of Ephesians. A study of this powerful book reveals God's message on why we should trust Christ as our Redeemer and how we should "walk" as Christians. *Foundations* will provide adults a dependable guide for studying God's Word while *Horizons* will provide an in-depth study for teens.

This issue of *Horizons* reflects a slightly different appearance than past issues. It emphasizes more textual content for the serious teen Bible student. There are less visual graphics and more thought-provoking questions that not only relate to the text itself, but also give students the opportunity to dig a little deeper in making applications of these texts. Students will come away understanding more about the Christian life while examining themselves to "walk" in a manner that pleases God.

Whether you use *Foundations* or *Horizons*, we welcome your feedback as you use these materials to enhance your study of God's Word. □
